Crib/Bassinet

A crib or cot is a wooden bed made for babies. They come in different sizes. Some can be converted to toddler beds.

Bassinets are portable beds and can be wheeled around.

Cot mobile

A cot mobile is a toy that hangs over a baby's crib. It can help them unwind as they try to fall asleep.

Baby Monitor

Baby monitors can be video or audio. They are used to remotely listen to sounds from an infant.

Diaper pail

This is a garbage can designed for diapers. You can store used diapers in these without having a smelly nursery.

Changing table

This is a table
designed for
changing baby's
diapers and clothing.

Baby wardrobe/ shelves

Here, you can keep
baby's clothing, hats
and shoes organized.

Baby playgym/ mat

This is soft mat with toys, it can be used for tummy time and has different toys and activities for baby's development

Rocking Chair/ Glider

Mums spend a lot of time holding and feeding babies, this chair makes nursing comfortable.
